

LAKEWOOD VILLAGE TOWN HALL 100 HIGHRIDGE DRIVE LAKEWOOD VILLAGE, TEXAS

TOWN COUNCIL MEETING FEBRUARY 9, 2017 7:00 P.M.

REGULAR SESSION – AGENDA

Call to Order and Announce a Quorum is Present

A. <u>PLEDGE TO THE FLAG:</u>

- **B.** <u>VISITOR/CITIZENS FORUM</u>: At this time, any person with business before the Council not scheduled on the agenda may speak to the Council. No formal action may be taken on these items at this meeting.
- C. <u>CONSENT AGENDA</u>: All of the items on the Consent Agenda are considered to be self-explanatory and will be enacted by one motion. There will be no separate discussion of these items unless a Council Member or citizen so request. For a citizen to request removal of an item from the Consent Agenda a speaker card must be filled out and submitted to the Town Secretary prior to the call to order.
 - 1. Minutes of January 12, 2017 Council Meeting (Asbell)
 - 2. Minutes of January 31, 2017 Council Meeting (Asbell)
 - **3.** Resolution in Opposition to Senate Bill 2 (Asbell)

D. <u>REGULAR AGENDA:</u>

- 1. Presentation of Audit of Fiscal Year 2015-2016, Mr. Wayne Nabors, Nabors CPA Services (Asbell)
- 2. Discussion of Texas Municipal League Insurance Coverage with Mr. Ryan Burns, TML (Asbell)
- 3. Discussion of Republic Services Contract Amendment (Asbell)
- 4. Discussion of CoServ Power Quality Issues (Vargus)
- 5. Consideration of Discharge of Civil Penalties assessed on 423 Hillside (Vargus)
- 6. Consideration of Replat of 595 Melody (Vargus)
- E. <u>EXECUTIVE SESSION</u>: In accordance with Texas Government Code, Section 551.001, et seq., the Town Council will recess into Executive Session (closed meeting) to discuss the following: (1) §551.071(2): Consultation with Attorney on a matter in which the duty of the attorney to the governmental body under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflicts with this chapter re: Town boundaries, annexations, dis-annexation, and interlocal agreements; (2) §551.072: Deliberation regarding the purchase, exchange, lease, or value of real property; and (3) §551.087: To discuss or deliberate regarding commercial or financial information that the Town of Lakewood Village has received from a business prospect that the Town seeks to have locate, stay, or expand in or near the territory of the Town of Lakewood Village and with which the Town is conducting economic development negotiations; and/or to deliberate the offer of a financial or other incentive to the business prospect.
- F. <u>RECONVENE:</u> Reconvene into regular session and consideration of action, if any, on items discussed in executive session
- G. <u>COUNCIL AND STAFF COMMENTS:</u> Comments may be made by Council or Staff. No formal action may be taken on these items at this meeting.

H. ADJOURNMENT

I do hereby certify that the above notice of meeting was posted on the designated place for official notice at 3:55 p.m. on Friday, February 3, 2017.

inda Tobell

Linda Asbell, TRMC, Town Secretary

The Town Council reserves the right to adjourn into closed session at any time during the course of this meeting to discuss any of the matters listed above, as authorized by <u>Texas Government</u> <u>Code</u> Section 551.071 (Consultation with Attorney), 551.072 (Deliberations about Real Property), 551.073 (Deliberations about Gifts and Donations), 551.074 (Personnel Matters), 551.076 (Deliberations about Security Devices) and 551.087 (Economic Development), 418.183 (Homeland Security)

This facility is wheelchair accessible and accessible parking spaces are available. Requests for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the Town Secretary's office at 972-294-5555 or FAX 972-292-0812 for further information.

One or more members of the LAKEWOOD VILLAGE MUNICIPAL DEVELOPMENT DISTRICT may attend this meeting. No action will be taken by the MDD Board during this meeting.

LAKEWOOD VILLAGE TOWN COUNCIL

COUNCIL MEETING

JANUARY 12, 2017

Council Members:

Dr. Mark Vargus, Mayor Ed Reed – Mayor Pro-Tem Clint Bushong Gary Newsome Ray Duff Dan Tantalo

Town Staff:

Linda Asbell, TRMC, Town Secretary

REGULAR SESSION - 7:00 P.M.

With a quorum of the Council Members present, Mayor Vargus called the Regular Meeting of the Town Council to order at 7:00 p.m. on Thursday, January 12, 2017, in the Council Chambers of the Lakewood Village Town Hall, 100 Highridge Drive, Lakewood Village, Texas.

PLEDGE TO THE FLAG:

Mayor Vargus led the Pledge of Allegiance

PUBLIC HEARING:

A public hearing was held to provide an opportunity for citizens to comment on the proposed water and wastewater impact fees. Mayor Vargus opened the public hearing at 7:00 p.m.

MOTION: Upon a motion made by Councilman Newsome and seconded by Mayor Pro-Tem Reed, council voted five (5) "ayes", no (0) "nays" to close the public hearing at 7:01 pm. *The motion carried*.

VISITOR/CITIZENS FORUM:

Mr. Randy Farmer, 309 W. Eldorado Pkwy, Ste 104, Little Elm, introduced himself as having an Edward Jones office in Little Elm. Mr. Farmer spoke about the Little Elm Trivia Contest and stated that it will include a live auction for a four wheeler valued at \$9,000. Mr. Farmer invited Lakewood Village citizens and council to attend as individuals or to sponsor a VIP table of eight.

Mr. Heath Woodrum, 6565 Rocky Ridge Trail, and spoke regarding paying past building permit fees he was charged when he constructed his home in Braewood Bay. Mayor Vargus reported that the town has received his letter requesting a partial refund and it has been forwarded to the

(Agenda Item C)

(Agenda Item A)

(Agenda Item B)

Town Attorney. The Town needs to wait until the Town Attorney provides the town with a response. Mayor Vargus invited Mr. Woodrum to contact him after he receives the letter from the attorney.

CONSENT AGENDA:

- 1. Minutes of December 8, 2016 Council Meeting (Asbell)
- 2. Ordinance Calling a General Election for May 6, 2017 (Asbell)
- 3. Ratification of Water/Wastewater Impact Fee Ordinance (Asbell)

Councilman Tantalo and Councilman Bushong requested the minutes to the December 8, 2016 council meeting be considered separately as neither attended that meeting.

- **MOTION:** Upon a motion made by Councilman Newsome and seconded by Councilman Duff, council voted three (3) "ayes", no (0) "nays" with two abstentions (Councilman Bushong, and Councilman Tantalo) to approve the minutes as presented. *The motion carried.*
- **MOTION:** Upon a motion made by Councilman Bushong and seconded by Mayor Pro-Tem Reed, council voted five (5) "ayes", no (0) "nays" to approve consent agenda items two and three as presented. *The motion carried*.

REGULAR AGENDA:

Consideration of Employment of Building Official & Building Inspectors (Vargus)

Mayor Vargus reported that Mayor Pro-Tem Reed created job descriptions for the building official and building inspectors. The building inspectors will become part-time employees of the town which will provide them insurance protection through the town's policy. The town will be responsible for the employer's portion of the employment taxes. The increased cost to the town is minimal but it equates to an approximate 7% increase in pay to the building employees. Councilman Tantalo stated that he has concerns about adding three people to the payroll of the town.

MOTION: Upon a motion made by Mayor Pro-Tem Reed and seconded by Councilman Bushong, council voted four (4) "ayes", one (1) "nays" (Councilman Tantalo) to create the positions of Building Official and Building Inspector as part-time positions. *The motion carried*.

Page 2

(Agenda Item E)

(Agenda Item E.1)

(Agenda Item D)

Discussion of Town Hall Improvements (Bushong)

Councilman Bushong reported that Town Hall does not currently screen trash and airconditioning equipment as required in the new requirements of the residential code. Councilman Bushong reviewed estimated project costs and proposed that the project could be divided between two fiscal years. Mayor Vargus stated that former Deputy Mayor Pro-Tem Guthrie was a proponent of always requiring the town to follow all the rules the citizens are required to follow. Mayor Vargus stated that he supports this project and would like to see firm numbers. Councilman Tantalo stated that he supports the project and likes the idea of splitting it across two fiscal years.

EXECUTIVE SESSION:

At 7:27 p.m. Mayor Vargus recessed into executive session in accordance with Texas Government Code, Section 551.001, et seq., the Town Council will recess into Executive Session (closed meeting) to discuss the following: (1) §551.071(1): Consultation with Attorney regarding pending litigation - Bizios vs. Town of Lakewood Village, 453 S.W. 3d 598 (Tex. App. - Fort Worth 2014), pet. granted, No. 15-0116 (Tex. 2016); (2) §551.071(2): Consultation with Attorney on a matter in which the duty of the attorney to the governmental body under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflicts with this chapter re: Town boundaries, annexations, dis-annexation, and interlocal agreements; (3) §551.072: Deliberation regarding the purchase, exchange, lease, or value of real property; (4) §551.087: To discuss or deliberate regarding commercial or financial information that the Town of Lakewood Village has received from a business prospect that the Town seeks to have locate, stay, or expand in or near the territory of the Town of Lakewood Village and with which the Town is conducting economic development negotiations; and/or to deliberate the offer of a financial or other incentive to the business prospect; and, (5) §551.076: To discuss or deliberate regarding security devices.

RECONVENE:

Mayor Vargus reconvened the regular session of the Lakewood Village Town Council at 8:16 pm. No action was taken.

MOTION: Upon a motion made by Mayor Pro-Tem Reed and seconded by Councilman Duff, council voted five (5) "ayes", no (0) "nays" to authorize Mayor Vargus to finalize and execute an agreement with Mr. Harry Bizios. The motion carried.

Page 3

(Agenda Item F)

(Agenda Item G)

(Agenda Item E.2)

COUNCIL AND STAFF COMMENTS

Town Secretary Linda Asbell reported that, after nearly two years of efforts, the Denton County Elections Administration Department and the Denton County Commissioners Court has agreed to a redistricting, which will create a single precinct for Lakewood Village and the Lakewood Village Extraterritorial Jurisdiction. The creation of this precinct will allow the citizens of Lakewood Village to vote for the mayor and councilmembers, school district board members, and any other ballot issues on a single ballot with Town Hall as their guaranteed polling place.

Town Secretary Linda Asbell reported that a person has been contacting citizens and claiming to be a building inspector working for the Town. This person has been attempting to set up appointments to inspect homes. Secretary Asbell reported that building inspectors do not contact citizens directly and any citizen receiving a call should contact her at Town Hall.

Councilman Bushong reported that solicitors were seen in town over the weekend. Councilman Bushong reminded everyone that going door-to-door prohibited without a permit. Secretary Asbell reported that there are currently no approved solicitor permits.

ADJOURNMENT

(Agenda Item I)

MOTION: Upon a motion made by Councilman Bushong and seconded by Councilman Duff council voted five (5) "ayes" and no (0) "nays" to adjourn the Regular Meeting of the Lakewood Village Town Council at 8:27 p.m. on Thursday, December 8, 2016. The motion carried.

These minutes approved by the Lakewood Village Town Council on the 12th day of February 2017.

(Agenda Item D)

(Agenda Item C)

RESOLUTION NO. 17-01

A RESOLUTION OF THE TOWN OF LAKEWOOD VILLAGE, TEXAS, IN OPPOSITION TO A REVENUE CAP AND LEGISLATIVE INTERFERENCE WITH LOCAL SERVICES.

WHEREAS, Texas cities lead the nation in population growth and seventy-four percent of Texas residents live in incorporated cities; and

WHEREAS, Texas cities receive virtually no financial assistance from the State but cities are required to generate and remit to the State over \$200 million annually to fund state programs; and

WHEREAS, bills have been introduced to cap the amount of property tax revenue cities can collect each year in a specious claim that it will reduce the property tax burden on homeowners and businesses; and

WHEREAS, currently, if a Texas city increases property tax collections by more than eight percent over the previous year, voters can petition for an election to roll back the increase; and

WHEREAS, bills have been introduced to replace that eight percent "rollback rate" with a hard cap of four percent and require mandatory elections on an increase over four percent – all with the false claim that this would provide property tax relief; and

WHEREAS, according to the state comptroller's latest survey of property tax rates in 963 cities in Texas, 56 percent of cities raised their property taxes by less than four percent from 2014 to 2015 and 27 percent of cities actually reduced their property taxes; and

WHEREAS, that means property owners in at least 547 Texas cities would have seen no reduction in their city property taxes if the four percent cap had been in effect; and

WHEREAS, while the savings to individual taxpayers are very small or even nonexistent, a four percent cap could represent a loss in vital city services; and

WHEREAS, cities collect just 16 percent of the property taxes levied in Texas, and the overwhelming majority of property taxes paid by Texans (55 percent) go to school districts; and

WHEREAS, according to the comptroller's report, the total amount of property taxes collected by cities rose by 3.61 percent between 2014 and 2015, while school district tax collections rose by more than twice that rate or 7.72 percent; and

WHEREAS, school property taxes have been rising because the legislature continues to reduce the state's share of funding for schools, which forces districts to obtain more revenue from property taxes.

Resolution 17-01

NOW THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF LAKEWOOD VILLAGE, TEXAS:

- Section 1. That all of the above recitals are true and correct;
- Section 2. That the Town Council of the Town of Lakewood Village, Texas, is OPPOSED to the legislative imposition of a revenue cap and legislative interference with local services; and
- Section 3. That imposing a revenue cap on cities: (a) does not provide meaningful tax relief;(b) robs cities of the ability to meet local needs; and (c) diverts attention from the real cause of higher property taxes, which is the legislature's failure to address the problem of school funding.

PASSED AND APPROVED this 9th day of FEBRUARY, 2017

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the Town Council **Town of Lakewood Village** Lakewood Village, Texas 75068

I have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Lakewood Village, Texas, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Lakewood Village, Texas, as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows there of for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 6 and 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Lakewood Village, Texas's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion and Analysis

As management of the Town of Lakewood Village, we offer readers of the Town of Lakewood Village's financial statements this narrative overview and analysis of the financial activities of the Town of Lakewood Village for the fiscal year ended September 30, 2016.

Financial Highlights

- The assets of the Town of Lakewood Village exceeded its liabilities at the close of the most recent fiscal year by \$2,615,819 (net position). Of this amount \$78,174, (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- As of the close of the current fiscal year, the Town of Lakewood Village's governmental funds reported ending fund balance of \$76,965, a decrease of \$(111,116) in comparison with the prior year. Of this balance, \$63,055 is available for spending at the government's discretion (unassigned). Unassigned fund balance represents 15 percent of general fund expenditures, and 15 percent of total governmental fund expenditures. At the close of the current fiscal year, the Town of Lakewood Village's governmental funds had a current ratio of approximately 2.6:1, based on the current assets of \$125,352 and current liabilities of \$48,387.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Lakewood Village's basic financial statements. The Town of Lakewood Village's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Lakewood Village's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town of Lakewood Village's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town of Lakewood Village is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the Town of Lakewood Village that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town of Lakewood Village include general government, public safety, and recreation (public works). The business-type activities of the Town of Lakewood Village include the water and sewer system.

The government-wide financial statements can be found on pages 12-14 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Lakewood Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Town of Lakewood Village can be divided into two categories: governmental funds (General Fund) and proprietary funds (Water and Sewer Fund).

Governmental funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town of Lakewood Village maintains three governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, which is considered to be a major fund, the capital projects fund which is considered to be a major fund, and the municipal development district fund is a component unit.

The Town of Lakewood Village adopts an annual appropriated budget for its general fund. Budgetary comparison statements have been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 15-19 of this report.

Proprietary funds. The Town of Lakewood Village maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Lakewood Village uses enterprise funds to account for its Water and Sewer operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the LWV Utility Fund operations, and the Rocky Point Utility Fund operations.

The basic proprietary fund financial statements can be found on pages 20-22 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 23-36 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Lakewood Village, assets exceed liabilities by \$2,615,819 at the close of the most recent fiscal year.

A portion of the Town of Lakewood Village's net position reflects its investment in capital assets (e.g., land, building, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The Town of Lakewood Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Lakewood Village's investment in its capital assets is reported not of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

TOWN OF LAKEWOOD VILLAGE - Changes in Net Position

Financial Analysis of the Government's Funds

As noted earlier, the Town of Lakewood Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Town of Lakewood Village's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Town of Lakewood Village's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available at the end of the fiscal year.

At the end of the current fiscal year, the Town of Lakewood Village's governmental funds reported ending fund balance of \$76,965, a decrease of \$(111,116) from the prior year. Of the current combined ending fund balance, \$70,342 is unassigned.

Proprietary Funds. The Town of Lakewood Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Enterprise Funds at the end of the year amounted to \$48,618. The total decrease in unrestricted net position of the Enterprise Funds was \$(55,202). The factors concerning the finances of this fund have already been addressed in the discussion of the Town of Lakewood Village's business type activities.

General Fund Budgetary Highlights

During the year, revenues were more than budgetary estimates by \$45,064, and expenditures were more than budgetary estimates by \$191,403. The budget had called for a \$4,650 increase in fund balance, however, more than budgeted expenditures resulted in \$(117,366) decrease to fund balance.

Capital Assets and Debt Administration

Capital Assets. The Town of Lakewood Village's investment in capital assets for its governmental and business-type activities as of September 30 2016, amounts to \$1,826,342 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, and equipment.

Major capital asset events during the current fiscal year included the following:

- Construction of concrete streets and playground equipment were added to the general fund totaling \$20,505.
- System and improvements totaling \$136,150 were added to the LWV and Rocky Point Utility Funds capital assets.

Additional information on the Town of Lakewood Village's capital assets can be found in Note 3.C. on pages 32-33 of this report.

Long-term debt. The Town has outstanding certificate of obligation bonds sold to finance construction of concrete streets.

Additional information on the Town of Lakewood Village long-term debt can be found in Note 3.D. on pages 33-34 of this report.

Economic Factors and Next Year's Budgets and Rates

In determining the budget and related ad-valorem tax rate the Town considers economic factors such as the Eldorado Parkway corridor related development, property tax values, sales and franchise fee taxes, and construction permits. Building permits remained steady in the previous year and we forecast a similar volume of housing starts. We believe property values have firmed and will increase in the 6-8 percent range due to our unique lakeside location and custom home building flexibility. Fiscal 2016 sales tax receipts were flat year-to-year across all economic units. This was anticipated after the Town's sales tax receipts more than tripled over the previous two years, and we forecast only a slight increase in the upcoming year. Given our attractive location, we expect increased developer attention in Lakewood Village as the FM720/Eldorado Parkway construction in Little Elm is completed.

After significant capital improvements in fiscal year 2016, the Town plans to primarily build reserves during fiscal year 2017 while making strategic targeted capital investments when appropriate. The focus of the governmental budget is the continued retirement of the town's debt while making moderate improvements in town infrastructure.

The Town has historically operated with a relatively low ad-valorem tax rate of \$0.25 per \$100 of valuation which is one-half to one-third that of surrounding municipalities. Given the current level of cash reserves and our conservative budgeting approach, there will be no change in the maintenance and operations (M&O) tax rate. Fiscal 2017 will mark the 36th consecutive year the Town's M&O tax rate has been \$0.25 or less. In fiscal 2014, the Town entered the municipal debt market for the first time and issued \$1,600,000 in Certificates of Obligation to fund road improvements. The Town's strong balance sheet, significant reserves, and fiscal discipline led to strong demand from creditors in the competitive bidding process. To avoid debt rating costs and additional SEC related fees, the Town issued ten-year debt via a private placement. The debt is callable by the Town in five years and bears an interest rate of 1.99 percent. The town council has adopted a debt servicing tax rate (I&S) of \$0.05 per \$100 of valuation. The I&S tax will provide approximately 25 percent of the required debt servicing revenues, with the remainder paid from current operating revenues.

Request for information

This financial report is designed to provide a general overview of the Town of Lakewood Village's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Mayor, 100 Highridge, Lakewood Village, Texas 75068.

TOWN OF LAKEWOOD VILLAGE Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position September 30, 2016

Total Fund Balances - Governmental Funds	\$ 76,965
Capital assets used in governmental activities are not financial resources, and therefore, are not reported in governmental funds. At the beginning of the year, the cost of these assets was $$2,183,547$, the accumulated depreciation was $$(119,656)$, and gain on disposal of capital assets was $$(5,962)$. Proceeds of $$(9,081)$ from sales of assets recognized as revenue in the governmental activities is eliminated in the government wide financial statements. In addition, long-term liabilities, including bonds payable and legal liabilities of $$(1,512,000)$, are not due and	
payable in the current period, and therefore, are not reported as	
liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt	
in the governmental activities is to increase net assets.	548,772
Current year capital outlays of \$20,505 and long-term debt principal payments of \$145,000 are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government- wide financial statements. The net effect of including the current year capital outlays and debt principal payments is to increase net	
assets.	165,505
The current year depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is	
to decrease net assets.	(74,335)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing \$42 of deferred	
revenue as revenue.	42
Net Position of Governmental Activities	\$ <u>716,949</u>

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities September 30, 2016

Total Net Change in Fund Balances - Governmental Funds	\$ (111,116)
Current year capital outlays of \$20,505 and long-term debt principal payments of \$145,000, are expenditures and sources in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the current year capital outlays and debt principal payments is to increase net position.	
	165,505
Capital assets used in governmental activities are not financial resources, and therefore, are not reported in governmental funds. Gain on disposal of capital assets of $5,962$ legal liabilities and depreciation of $(74,335)$ are not recognized as an expense in governmental funds since they do not require the use of current resources. Also, proceeds of $(9,081)$ from sales of capital assets is recognized as revenue in the governmental activities, but is eliminated in the government wide statements. The net effect of the current year's activity is to decrease net position.	(117,454)
Deferred revenue is not recognized as revenue in the governmental activities. The net effect is to decrease net position.	(819)
Changes in Net Position of Governmental Activities	\$ <u>(63,884)</u>

Notes to the Financial Statements September 30, 2016

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Lakewood Village, Texas, have been prepared in conformity with accounting principles generally accepted (GAAP) in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

The Town of Lakewood Village is a municipality governed by an elected mayor and town council. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, the Town of Lakewood Village has both blended and discrete component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Blended Component Unit. The Lakewood Village Municipal Development District (MDD) is a political subdivision of the State of Texas and the Town, established by the voters in 2009 for the purposes of promoting economic development within the Town as prescribed by Chapter 377 of the Texas Local Government Code. The MDD is presented as a governmental fund type. The fund is supported by a one-half cent sales tax which is currently used in full to fund the cost of construction of infrastructure, other capital asset acquisition, and debt service related to the Rocky Point proprietary fund. As of September 30, 2016, the amount provided by the MDD to the Rocky Point Proprietary fund totals \$58,431.

Notes to the Financial Statements September 30, 2016 -continued-

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

A. Reporting Entity (continued)

Discretely Presented Component Unit. The Town of Lakewood Village Economic Development Corporation (EDC) which has a September 30 year end, services all citizens of the government and is governed by a board appointed by the government's elected council. The government can impose its will on the EDC and affect the day-to-day operations of the EDC by removing appointed board members at will. The scope of public service of the EDC benefits the government and its citizens and is operated primarily within the geographic boundaries of the government. The EDC was dissolved during the year by vote of the EDC board and the citizens of Lakewood Village. The sales tax previously allocated to the EDC was re-allocated to the General Fund.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Notes to the Financial Statements September 30, 2016 -continued-

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

C. Measurement focus, basis of accounting, and financial statement presentation(continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The government reports the following proprietary funds:

The *LWV Utility fund* is used to account for those operations that are financed and operated in a manner similar to private business or where the council has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. The enterprise fund is for water, sewer, and solid waste operations.

The *Rocky Point Utility fund* is used to account for those operations that are financed and operated in a manner similar to private business or where the council has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. The enterprise fund is for water operations.

Notes to the Financial Statements September 30, 2016 -continued-

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

C. Measurement focus, basis of accounting, and financial statement presentation(continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of inter-fund activity has been eliminated from the governmentalwide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. The enterprise fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, liabilities, and net position or equity

1. Deposits

Cash and cash equivalents includes cash on hand, demand deposits, and short-term investments with a maturity date within three months of the date acquired by the government.

Notes to the Financial Statements September 30, 2016 -continued-

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

D. Assets, liabilities, and net position or equity (continued)

2. Short-term Inter-fund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

3. Restricted Assets

Certain resources set aside for customer deposits are classified as restricted assets on the balance sheet because their use is limited.

4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings, systems and improvements	5 - 40
Furniture and equipment	3 - 10

Notes to the Financial Statements September 30, 2016 -continued-

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

D. Assets, liabilities, and net position or equity (continued)

5. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

6. Fund Equity

<u>Fund Balance Classification</u>: The governmental fund financial statements present fund balance classifications that comprise a hierarchy that is based primarily on the extent to which the Town is bound to honor constraints for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- <u>Nonspendable</u>: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- <u>Restricted</u>: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- <u>Committed</u>: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Town Council. These amounts cannot be used for any other purpose unless the Town Council removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Town did not have any committed resources as of September 30, 2016.
- <u>Assigned</u>: This classification includes amounts that are constrained by the Town's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by an official to which the Town Council delegates this authority.
- <u>Unassigned</u>: This classification includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund.

Notes to the Financial Statements September 30, 2016 -continued-

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

D. Assets, liabilities, and net position or equity (continued)

6. Fund Equity (continued)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

As of September 30, 2016, fund balances are composed of the following:

	General Fund	Municipal Development <u>District</u>	Total Governmental <u>Funds</u>
Nonspendable:	\$		
Restricted:			
Municipal Development		7,287	7,287
Debt service	164		164
Committed:			
Assigned:			
Road maintenance	6,459		6,459
Unassigned:	<u>63,055</u>		<u>63,055</u>
Total fund balances	\$ <u>69,678</u>	7,287	76,965

(2) STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are legally adopted for the general fund and water and sewer fund. All annual appropriations lapse at fiscal year end.

The Town follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to September 1, the Town Council prepares a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.

Notes to the Financial Statements September 30, 2016 -continued-

(2) <u>STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY</u> (continued)

A. Budgetary Information (continued)

- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. The budget is legally enacted by the Town Council through passage of an ordinance prior to the beginning of the fiscal year to which it applies, which can be amended by the Council.
- 4. Formal budgetary integration, using the modified accrual basis, is employed as a management control device during the year for the General Fund. One supplemental appropriation was made during the fiscal year.
- 5. The budget approved for the Water and Sewer Fund follows similar approval procedures. One supplemental appropriation was made during the fiscal year.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. At year end, encumbrances are canceled or reappropriated as part of the following year budget.

(3) <u>DETAILED NOTES ON ALL FUNDS</u>

A. Deposits and Investments

The Town may invest in obligations of the U. S. Treasury or the State of Texas, certain U. S. Agencies, certificates of deposit, money market savings accounts, certain municipal securities, repurchase agreements, common trust funds and other investments specifically allowed by the Public Funds Investment Act of 1987 (Article 842a-2 Vernon's Civil Statutes).

At September 30, 2016, the Town's carrying amount of deposits was \$263,686 and the bank balance was \$337,017. Of the bank balance, \$250,000 was covered by federal depository insurance and \$87,017 was secured by marketable securities pledged by the financial institution holding the Town's depository contract.

In compliance with the Public Funds Investment Act, the Town has adopted a deposit and investment policy. That policy addresses the following risks:

a. *Custodial Credit Risk* - Deposits: In the case of deposits this is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Town's policy regarding types of deposits allowed and collateral requirements is: the Depository may be a state bank authorized and regulated under Texas law; a national bank, savings and loan association, or savings bank authorized and regulated by federal law, or a savings and loan association or savings bank organized under Texas law; but shall not be any bank the deposits of which are not insured by the Federal Deposit Insurance Corporation (FDIC). The Town is not exposed to custodial credit risk for its deposits, as all are covered by depository insurance.

Notes to the Financial Statements September 30, 2016 -continued-

(3) <u>DETAILED NOTES ON ALL FUNDS</u>

A. Deposits and Investments (continued)

- b. *Custodial Credit Risk* Investments: For an investment, this is the risk that, in the event of the failure of the counter party, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town has no investments.
- c. *Credit Risk* This is the risk that an issuer of an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. The Town has no investments.
- d. *Interest Rate Risk* This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town has no investments.
- e. *Foreign Currency Risk* This is the risk that exchange rates will adversely affect the fair value of an investment. The Town is not exposed to foreign currency risk.
- f. *Concentration of Credit Risk* This is the risk of loss attributed to the magnitude of the Town's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. The Town has no investments.

B. Receivables

Receivables at September 30, 2016 consisted of the following:

	General Fund	Municipal Development <u>District</u>	LWV Utility Fund	Rocky Point Utility <u>Fund</u>	Total
Property taxes	\$ 42				42
Sales taxes	3,842	1,516			5,358
Accounts receivable			13,464	620	14,084
Total receivables	\$ <u>3,884</u>	<u>1,516</u>	13,464	620	<u>19,484</u>

Notes to the Financial Statements September 30, 2016 -continued-

(3) **DETAILED NOTES ON ALL FUNDS** (continued)

B. Receivables (continued)

Property taxes are based on the appraised values provided by the Denton County Appraisal District. Taxes are levied by October 1 of each year. Unpaid property taxes become delinquent on February 1 of the following year. Penalty is calculated after February 1 up to the date collected by the government at the rate of 6% for the first month and increase 1% per month up to a total of 12%. Interest is calculated after February 1 at the rate of 1% per month up to the date collected by the government. Under state law, property taxes levied on real property constitute a lien on the real property which cannot be forgiven without specific approval of the State Legislature. The lien expires at the end of twenty years. Taxes levied on personal property can be deemed uncollectible by the Town.

Property taxes are due in full on October 1 and there are no discounts granted. The assessed value as of January 1, 2015, upon which the 2015/2016 levy was based, was approximately \$87,956,874. The tax rate for fiscal year 2015/2016 was \$.30 per \$100 of assessed valuation, with \$.25 allocated to maintenance and operation (M&O), and \$.05 allocated to debt service (I&S).

C. Capital Assets

Capital asset activity for the year ended September 30, 2016 was a follows:

	Beginning Balance	Additions	Retirements	Ending Balance
Governmental activities:				
Land	\$ 185,917	3,850	(3,119)	186,648
Buildings & Improvement	63,739			63,739

Depreciation expense was charged to functions/programs of the primary government as follows:

Government Activities:	
Administration	\$ 5,277
Public works	<u>69,058</u>
Total depreciation expense - government activities	\$ <u>74,335</u>
Business-type activities:	
LWV Utility	\$ 79,065
Rocky Point Utility	2,205
Total depreciation expense - business-type activities	\$ <u>81,270</u>

D. Long-term Debt

Note Payable

In February 2012, the Town of Lakewood Village and the Lakewood Village MDD entered into an economic development agreement. Under the terms of the three-year agreement, the Town agreed to make available up to \$50,000 from the Town's proprietary fund. Interest on the line-of-credit accrues monthly at the rate of 0.5 percent of the outstanding balance. During the 2015 fiscal year the Town Council took action to transfer loan repayment from the MDD to the Rocky Point Utility Fund. On September 30, 2015, the loan was paid in full.

Beginning	Additio	ons		Ending
Balance	Principal	Interest	Retirements	Balance
\$	20,000	90	(2,200)	<u>17,890</u>

Notes to the Financial Statements September 30, 2016 -continued-

(3) **DETAILED NOTES ON ALL FUNDS** (continued)

D. Long-term Debt (continued)

Bonds Payable

On April 10, 2014 the Town Council approved the issuance of \$1,600,000 of certificate of obligation bonds to fund the construction of concrete roads.

Certificate of obligation bonds issued by the Town are backed by the full faith and credit of the Town. The \$1,600,000 certificates of obligation issued by the Town will be repaid by levy of an ad valorem tax upon all taxable property within the Town and a limited pledge of the net revenues from the operation of the Town's waterworks and sewer system.

р .

Interest expense for the bond issue was \$27,850 for the year ended September 30, 2016.

The following is a summary of changes in bonds payable for the year:

Governmental Activities	Beginning	Increases	Decreases	Ending	Due in One Year
Certificates of Obligation Series 2014, 1.99%, 2015-2024	\$ <u>1,472,000</u>		<u>(145,000)</u>	<u>1,327,000</u>	149,000
Total governmental activities	\$ <u>1,472,000</u>		<u>(145,000)</u>	<u>1,327,000</u>	149,000

Debt Service Requirement to Maturity

The annual debt service requirements to maturity for bonded debt are as follows at year-end:

Governmental Activities					
Year <u>Ended</u>	Principal	Interest	Total		
2017	149,000	24,925	173,925		
2018	154,000	21,910	175,910		
2019	158,000	18,806	176,806		
2020	163,000	15,612	178,612		
2021	168,000	12,318	180,318		
2022 - 2024	535,000	16,189	551,189		
Total	\$ <u>1,327,000</u>	<u>109,760</u>	<u>1,436,760</u>		

Notes to the Financial Statements September 30, 2016 -continued-

(3) **<u>DETAILED NOTES ON ALL FUNDS</u>** (continued)

E. Interfund Receivables, Payables and Transfers

The composition of the interfund balances as of September 30, 2016 is as follows:

Interfund transfers:

			LWV	Rocky Point		
	General	MDD	Utility	Utility		
	Fund	Fund	Fund	Fund	EDC	<u>Total</u>
Transfers In:	\$ 66,573			6,252		72,825
Transfers Out:		<u>(11,552)</u>	<u>(38,000)</u>		(23,273)	(72,825)
	\$ <u>(66,573)</u>	<u>(11,552)</u>	<u>(38,000)</u>	6,252	<u>(23,273)</u>	

The transfer from the LWV Utility Fund and Rocky Point Utility Fund were to cover administrative and capital asset costs incurred on behalf of the utility fund. The transfer from the general fund was to cover street construction costs paid from general fund reserves, and the transfer from the EDC was to pay for capital asset additions.

(4) <u>COMMITMENTS AND CONTINGENCIES</u>

Litigation

In 2014, the Town sought a Temporary Restraining order to stop construction on a home site within the Town's Extra Territorial Jurisdiction (ETJ) in order to require permitting and inspections to comply with the Town's building code regulations. The order was upheld by the District Court but later reversed by both the lower Appeals Court and the Texas Supreme Court. As a result, a judgement in the amount of \$80,000 was entered against the Town for the defendant's attorney fees and costs. A current liability in the amount of \$40,000 has been recorded in the General Fund as of September 30, 2016. The remaining \$40,000 is accounted for in the government wide statements as a long term liability.

Notes to the Financial Statements September 30, 2016 -continued-

(5) OTHER INFORMATION

Risk Management

The government is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The government is a participant in the Texas Municipal League Workers' Compensation Joint Insurance Fund (WC Fund) and the Texas Municipal League Joint Self-Insurance Fund (Property-Liability Fund), a public entity risk pool operated by the Texas Municipal League Board for the benefit of individual governmental units located within Texas. The government pays an annual premium to the Funds for its workers' compensation and property and liability insurance coverage. The WC Fund and Property-Liability Fund are considered self-sustaining risk pools that provide coverage for its members for up to \$2,000,000 per insured event. There were no significant reduction in insurance coverage from the previous year. Settled claims for risks have not exceeded insurance coverage for the past three years.

(6) EVALUATION OF SUBSEQUENT EVENTS

The Town has evaluated subsequent events through January 4, 2017, the date which the financial statements were available to be issued.

INDIVIDUAL FUND SCHEDULES
